

ORGANIC SOIL WHOLESALE by Soil Seed & Water

Best-Value All-Stage Potting Mix

PlantPal All-Stage Nursery Mix

BEST FOR: SEED STARTS, PROPAGATION, CONTAINERS & NURSERIES

-OMRI INPUTS, ALL GROWTH STAGES, MADE IN ARIZONA-

INGREDIENTS & PURPOSE

ORGANIC DAIRY COMPOST: Builds a biologically active base with steady organic nutrition and moisture holding power for containers and nursery stock.

WORM CASTINGS: Deliver gentle, plant-ready nutrients and beneficial microbes that support germination, rooting, and transplant recovery.

CLEAN WOOD FIBER: Adds structure and air space so the mix stays light, drains freely, and resists compaction in pots and trays.

8-3-1 GRANULES: Balanced NPK feeding through early growth into maturity, so plants stay fed without constant re-fertilizing.

CALCIUM: Strengthens cell walls and supports firm stems, healthy root tips, and consistent vegetative growth.

ZINC SULFATE: Supplies an essential micronutrient for enzyme activity and strong new growth in nursery and container crops.

APPLICATION

FOR POTS & CONTAINERS: Fill containers with PlantPal and plant directly. No mixing required. Water thoroughly after planting.

FOR SEED STARTS & PROPAGATION: Use as the growing medium in trays, plugs, and propagation cells. Keep evenly moist until roots establish.

FOR NURSERY STOCK: Transplant liners and finished stock straight into PlantPal as your all-stage production mix from seed to sale.

KEY BENEFITS

- One bag covers seed starts, propagation, containers, and nursery production, no custom mixing.
- Compost and castings build living soil biology while 8-3-1 granules keep nutrition steady through each stage.
- Clean wood fiber keeps pots light and well aerated so roots stay healthy in Arizona heat.
- Best-value all-stage mix for nurseries, home growers, and patio planters, made in Arizona.

PACKAGING SIZES

- 9 LB
- 1.5 CF
- 2.2 CY TOTE
- BULK (TONS/CY)
- TRUCKLOAD BULK (22-24 TONS)
