

# What can we put in the Big Garden Giveaway?

Items from the Mikey/Money Models conversation, plus clearly separated new suggestions.

## The main lesson from the recording:

Charge for the core physical package, then stack several useful bonuses that have high perceived value and little delivery cost.

### DIRECTLY DISCUSSED IN THE TRANSCRIPTION

## Physical products

- |   |                                                                                                                         |       |
|---|-------------------------------------------------------------------------------------------------------------------------|-------|
| 1 | <b>Raised garden beds</b><br>Physical product used to create a higher-value garden package.                             | CORE  |
| 2 | <b>PlantPal growing mix</b><br>The primary potting/growing mix for filling the beds.                                    | CORE  |
| 3 | <b>Simon's Gold dairy compost</b><br>Core amendment and major SSW competitive advantage.                                | CORE  |
| 4 | <b>Mikey's Worm Poop</b><br>Premium biological amendment for feeding the plants.                                        | CORE  |
| 5 | <b>Nature's Blanket mulch</b><br>Protects the bed surface and can cover paths between beds.                             | CORE  |
| + | <b>Choose-your-yard 9-lb bags</b><br>Rose, citrus, stone fruit, palm, turf, native/succulent, or other specialty blend. | BONUS |

### DIRECTLY DISCUSSED IN THE TRANSCRIPTION

## High-value bonuses

- |   |                                                                                                                  |        |
|---|------------------------------------------------------------------------------------------------------------------|--------|
| ✓ | <b>One-year garden-class access</b><br>A useful recurring education bonus with low fulfillment cost.             | BONUS  |
| ✓ | <b>Garden almanac</b><br>A digital guide for the homeowner.                                                      | BONUS  |
| ✓ | <b>Maricopa planting schedule</b><br>A localized planting guideline and seasonal calendar.                       | BONUS  |
| ✓ | <b>Mike's book or audiobook</b><br>Digital format was specifically suggested because it costs little to deliver. | BONUS  |
| ✓ | <b>Garden-package warranty</b><br>A warranty was discussed as another advertised free item.                      | DEFINE |
| ✓ | <b>Plant-feeding prescription</b><br>Recommendation based on what the entrant grows.                             | BONUS  |

### NEW SUGGESTIONS — NOT STATED IN THE RECORDING

## Complete-the-garden items

- |   |                                                                                                                |         |
|---|----------------------------------------------------------------------------------------------------------------|---------|
| + | <b>Drip-irrigation starter kit</b><br>Makes the prize feel ready to operate, not merely delivered.             | APPROVE |
| + | <b>Phoenix fall seed collection</b><br>Turns the soil package into something the winner can plant immediately. | APPROVE |
| + | <b>Starter plants</b><br>Strong visual reveal; best supplied through a nursery partner.                        | SPONSOR |
| + | <b>Trellis and plant supports</b><br>Useful for tomatoes, cucumbers, peas, and beans.                          | APPROVE |
| + | <b>Shade or frost protection</b><br>Seasonal protection for the Phoenix growing calendar.                      | APPROVE |
| + | <b>Tools, gloves, watering wand</b><br>Easy sponsor bundle with visible consumer value.                        | SPONSOR |

### NEW SUGGESTIONS — NOT STATED IN THE RECORDING

## Services and experiences

- |   |                                                                                                    |          |
|---|----------------------------------------------------------------------------------------------------|----------|
| + | <b>Personalized garden layout</b><br>A plan showing bed placement, crops, and seasonal succession. | APPROVE  |
| + | <b>Setup consultation</b><br>One session to help the winner use everything correctly.              | APPROVE  |
| + | <b>Delivery</b><br>Already expected for the giveaway; define ZIP radius and access limits.         | DEFINE   |
| + | <b>Assembly day</b><br>High perceived value but requires labor and scheduling.                     | OPTIONAL |
| + | <b>90-day garden check-in</b><br>Supports success and creates follow-up education/content.         | APPROVE  |
| + | <b>Winner garden feature</b><br>Before/after photos or a short Harvesting Wisdom story.            | OPTIONAL |

## Recommended advertised stack

Simple customer-facing version

### BUILD

raised beds

### FILL

PlantPal

### FEED

compost + castings

### PROTECT

mulch + irrigation

### GROW

seeds + education

Lead with the complete garden. Then list the bonuses: specialty bags, annual class access, planting calendar, digital garden guide, personalized plan, and follow-up consultation.

Transcript basis: August 13 Money Models discussion and August 15 continuation. Quantities, warranty terms, book rights, bed specifications, sponsors, delivery area, and advertised values still require approval.
